Respondent

Director's Final Findings and Orders

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Dynamic Accents, Ltd. ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in the composition of Respondent shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapters 6111 and 3745, and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following Findings:

1. Respondent owns and operates Dynamic Accents, Ltd. ("Site") which is located at 8767 Township Road 513, Shreve, Ohio 44676 in Holmes County.

2. Respondent was issued National Pollution Discharge Elimination System ("NPDES") permit number 3PR00444*BD effective October 1, 2012, authorizing the Site's current waste water treatment system ("WWTP") to discharge final effluent to an unnamed tributary to Shreve Creek. The unnamed tributary to Shreve Creek is considered a "waters of the state" as defined by R.C. Section 6111.01.

3. ORC Section 6111.04(A) prohibits any person from causing pollution or causing any sewage, industrial waste, or other waste to be placed in any location where they cause pollution to waters of the state, except if such discharges occur in accordance with a valid, unexpired NPDES permit issued by the Director or if an application for renewal of such permit is pending.

4. Pursuant to Ohio Administrative Code ("OAC") Section 3745-33-02(A), no person may discharge any pollutant or cause, permit, or allow a discharge of any pollutant without applying for and obtaining an Ohio NPDES permit in accordance with the requirements of this chapter.

5. Pursuant to ORC 6111.07(A), no person shall violate or fail to perform any duty imposed by sections 6111.01 to 6111.08 of the Revised Code or violate any order, rule, or term or condition of a permit issued or adopted by the director of environmental protection pursuant to those sections. Each day of violation is a separate offense.

6. The NPDES permit expired on September 30, 2017, when Respondent failed to submit a timely NPDES permit renewal in accordance with OAC 3745-33-04(C)(1). Since September 30, 2017, Respondent has been discharging without an NPDES permit, in violation of ORC Section 6111.04(A)(1).

7. On December 7, 2016, Ohio EPA sent a permit renewal notification letter to the Respondent. The letter required submittal of the NPDES permit renewal application to the Ohio EPA no later than 180 days prior to the expiration date of the permit, unless the permit contains an earlier submittal date. As of the date of these Orders, Respondent has not submitted a complete and approvable NPDES permit application with all applicable forms.

8. The NPDES permit number 3PR00444*BD Part III.4.C requires that Discharge Monitoring Reports ("DMRs") be submitted using e-DMR shall be submitted to Ohio EPA by the 20th day of the month following the month-of-interest.

9. As of the date of these Orders, Respondent has failed to submit monthly DMRs for January, February, March, April, May, June, July, August, September, October, November, and December 2016 as well as January, February, March, April, May, June, July, August, September, October, November, and December 2017. Respondent was notified of these violations via monthly non-submittal notification letters.

10. Respondent was issued a Notice of Violation (NOV) dated June 5, 2017 for discharging pollutants to waters of the state without coverage under an NPDES permit and for failure to submit monthly DMRs. Ohio EPA did not receive a response to this NOV.
11. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purpose of ORC Chapter 6111.

V. ORDERS

1. Within sixty (60) days after the effective date of these Orders, Respondent shall submit a complete and approvable NPDES permit application with all associated forms (including Form 2D) to the Ohio EPA pursuant to the requirements in Section X of these Orders.

2. After the NPDES permit has been issued, Respondent shall comply with all terms and conditions of the issued NPDES permit.

VI. TERMINATION

Respondent’s obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA’s Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: “I certify that the information contained in or accompanying this certification is true, accurate and complete.”

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to activities occurring on or at the site.
VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XII of these Orders.
XII. WAIVER

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal.
