1. Respondent owns the Memory Lane Subdivision ("Site") located at 40°01'21.95" North and 81°04'29.9" West in Bethesda, Belmont County, Ohio.

2. Respondent installed sanitary sewers without Ohio EPA's approval via a Permit-to-Install (PTI) for the above-mentioned Site.

3. Pursuant to ORC Section 6111.44(A) no municipal corporation, county, public institution, corporation, or officer or employee thereof or other person shall provide or install sewerage or treatment works for sewage, sludge, or sludge materials disposal or treatment or make a change in any sewerage or treatment works until the plans therefor have been submitted to and approved by the director of environmental protection.

4. Pursuant to Ohio Administrative Code ("OAC") Section 3745-42-02(A)(1), no person shall cause, permit, or allow the installation of a new disposal system or cause, permit, or allow the modification of a disposal system without first obtaining and individual PTI, a general PTI, or plan approval in accordance with this chapter and all other applicable rules and laws.

5. On October 10, 2017, DSW-SEDO received a complaint from an anonymous source stating that a sewer line was being installed to connect three residences to the Bethesda Wastewater Treatment Plant ("WWTP"). No PTI application had been submitted for the Site.

6. On February 1, 2018, DSW-SEDO conducted a compliance evaluation inspection at the Bethesda WWTP. PTI requirements were discussed during the exit interview with Dirk Davis, Village Administrator; David Green, Wastewater Operator; and Respondent.

7. On February 13, 2018, Ohio EPA sent an email to David Green, stating that a PTI is required for sewer extensions. Included in the email were links to information on sanitary sewer extensions and guidance for obtaining a PTI.

8. On May 15, 2018, DSW-SEDO investigated the anonymous complaint pertaining to sanitary sewers being installed at the Site without a PTI. Newly installed sewers were observed along Memory Lane in Bethesda, Ohio, and one house had been built and connected to the newly installed sewer.

9. On July 27, 2018, Ohio EPA issued a Notice of Violation letter to Respondent for installing sanitary sewers and connecting them to the Bethesda WWTP without a PTI.

10. On August 16, 2018, Ohio EPA received a complete and approvable as-built PTI application package, including drawings, the PTI application, data sheets, and a sign-off sheet from the Village of Bethesda accepting the newly installed sanitary sewers.

11. On September 13, 2018, an as-built PTI #1242535 was issued to Respondent for the sanitary sewers installed at the Site.
12. The Director has given consideration to, and based her determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purpose of ORC Chapter 6111.

V. ORDERS

Respondent's obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA's Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.
