Respondent

Director’s Final Findings and Orders

I certify this to be a true and accurate copy of the
official documents as filed in the records of the Ohio
Environmental Protection Agency.

PREAMBLE

It is agreed by the Parties hereto as follows:

I. JURISDICTION

These Director’s Final Findings and Orders (“Orders”) are issued to Anthony
Zimmerman (“Respondent”), d.b.a. Tecumseh Court Mobile Home Park, pursuant to the
authority vested in the Director of the Ohio Environmental Protection Agency (“Ohio EPA”) under Ohio Revised Code (“ORC”) §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and heirs and successors in interest liable under Ohio law. No change in the ownership or the operation of the Tecumseh Court Mobile Home Park shall in any way alter Respondent’s obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 6111. and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has made the following findings:

1. Respondent owns and operates the Tecumseh Court Mobile Home Park (“MHP”), a facility consisting of twenty-six mobile homes and its associated wastewater treatment system, located at 5550 West National Road, Springfield, Ohio, in Clark County.

2. The wastewater treatment system consists of two septic tanks that discharge directly to an unnamed tributary of the Mad River, with the discharge point approximately 1.4 miles from the confluence of the Mad River and 1.1 miles to George Rogers Clark Park’s lake.
3. On June 30, 2004, Ohio EPA found that the MHP was causing pollution to waters of the state without the requisite authorization and ordered Respondent to submit an application for an Ohio National Pollutant Discharge Elimination System ("NPDES") permit by July 30, 2004.

4. On August 30, 2004, an application for an Ohio NPDES permit was received by Ohio EPA, with an Ohio NPDES permit, No. 1PV00126*AD, issued with an effective date of July 1, 2005.

5. The Ohio NPDES permit requires the submittal of Monthly Operating Reports ("MORs"). Respondent has failed to submit MORs from July 1, 2005 through November, 2006, in violation of the Ohio NPDES permit.

7. On February 16, 2006 and July 31, 2006, Respondent faxed analytical results to Ohio EPA. In a letter, Respondent was notified that the samples were obtained from the unnamed tributary and not from the discharge outfall prior to discharging to the watercourse, as is required. As the sampling was not performed in accordance with the Ohio NPDES permit, the sampling was not considered valid.

8. On September 6, 2006, Respondent provided sampling results, collected on August 31, 2006, which showed that the fecal coliform in the discharge (23,000 cfu/100 mg/L) exceeded water quality standards.

10. The Ohio NPDES permit required the January 1, 2006 submittal of a permit to install application and detail plans for treatment and sewer systems improvements. On February 2, 2006 and May 25, 2006, Ohio EPA sent Notices of Violation to Respondent requiring the submittal of the permit to install application and detail plans for the treatment and sewer system improvements. Respondent has failed to respond.

11. ORC § 6111.04(A) provides that no person shall cause pollution or place or caused to be placed any sewage, sludge, sludge materials, industrial waste, or other wastes in a location where they cause pollution of any waters of the state.
12. ORC § 6111.04(C) provides that no person to whom a permit has been issued shall place or discharge, or cause to be placed or discharged, in any waters of the state any sewage, sludge, sludge materials, industrial waste, or other wastes in excess of the permissive discharges specified under an existing permit.

13. ORC § 6111.07(A) provides that no person shall violate or fail to perform any duty imposed by ORC §§ 6111.01 to 6111.08 or violate any order, rule, or term or condition of a permit issued or adopted by the Director of Ohio EPA pursuant to those sections. Each day of violation is a separate offense.

14. The Director has given consideration to, and based his determination on evidence related to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the state to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

VI. TERMINATION

Respondent’s obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and the Chief of Ohio EPA’s Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: “I certify that the information contained in or accompanying this certification is true, accurate and complete.”

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of the Respondent. For purposes of these Orders, a responsible official is as defined in OAC Rule 3745-33-03(D)(4) for a municipal, state, or other public facility.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to activities occurring on or at the Facility.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.
