Director's Final Findings
and Orders

PREAMBLE

It is agreed by the Parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Westport Homes ("Respondent") pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in the composition of Respondent shall in any way alter Respondent’s obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapters 6111 and 3745, and the rules promulgated thereunder.

IV. FINDINGS

The Director of the Ohio EPA makes the following findings:

1. The property ("the Site") is a residential housing development (Elmont Place) located on the south side of Bixby Road approximately ½ mile east of Hamilton Road in Groveport, Ohio.
2. The Site discharges storm water associated with construction activity to Big Walnut Creek which is considered to be "waters of the state," as defined in ORC § 6111.01(H).

3. The construction activities at the Site are covered under the Construction General Storm Water Permit (NPDES Permit number 4GC00201*AG). Original permit coverage was issued to Maronda Homes on August 6, 2003. The remainder of the site was sold to Westport Homes in 2016.

4. On October 4, 2017, Ohio EPA conducted an inspection of the site as a result of a complaint of inadequate sediment and erosion controls. During the inspection, Ohio EPA observed the sediment controls were inadequate and observed numerous barren areas not stabilized. An inspection letter was sent to the Respondent on October 6, 2017 recommending addressing the issues.

5. On December 13, 2017, Ohio EPA conducted a second inspection of the site. As a result of the inspection, a Notice of Violation (NOV) was issued on December 29, 2017 which included the following violations: two lots were observed to have active construction with one having only partial perimeter controls and the other having no perimeter controls and both lots had idle barren areas without stabilization. Ohio EPA did not receive a response to this NOV.

6. On February 13, 2018, Ohio EPA conducted a third inspection of the site. As a result of the inspection, a second NOV was issued on February 26, 2018 which included the following violations: two lots were observed to have active construction with one having only partial perimeter controls and the other having no perimeter controls and both lots had idle barren areas without stabilization. Ohio EPA did not receive a response.

7. On April 4, 2018, Ohio EPA conducted a fourth inspection of the site. As a result of the inspection, a third NOV was issued on April 16, 2018 which included the following violations: two lots were observed to have active construction with one having only partial perimeter controls and the other having no perimeter controls and both lots had idle barren areas without stabilization. Ohio EPA did not receive a response.

8. On May 14, 2018, Ohio EPA conducted a fifth inspection of the site. As a result of the inspection, a fourth NOV was issued on May 21, 2018 which included the following violations: one lot was observed to have active construction with perimeter controls in need of repair and had idle barren areas without stabilization. To date, Ohio EPA has not received a response.

9. Pursuant to ORC §6111.07(A), no person shall violate or fail to perform any duty imposed by ORC §§ 6111.01 to 6111.08 or violate any order, rule, or term or condition of a permit.
issued or adopted by the Director of Ohio EPA pursuant to those sections. Each day of violation is a separate offense.

10. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purpose of ORC Chapter 6111.
