**List of Section 208 Plan Updates – May 2019**

The six regional/areawide planning agencies listed below in have prepared and adopted, pursuant to their bylaws, the Section 208 plan updates described below. Ohio EPA is charged with reviewing these materials to ensure the following:

- The documents are consistent with basin plans;
- The documents (original plan and updates) cover the required planning elements; and
- The documents (plans) are consistent with one another.

Ohio EPA staff concluded the above criteria are satisfied. The following documents have been certified by the State of Ohio as an update to the Areawide Waste Treatment Management Plans prepared pursuant to Section 208 of the Clean Water Act and the State’s Water Quality management Plan maintained pursuant to Section 303 of the Clean Water Act. These documents can be accessed through the webpages listed and are on file with the Ohio EPA, Central Office, Division of Surface Water.
