| **Community Recycling Grants**                     | An agency of the state, as established in ORC Sections 343, 3736 and all applicable section of the ORC, may apply for Community Grant funds. An agency of the state may be a municipal corporation, county, township, village, state college or university, solid waste management district or authority, park districts, health districts and statewide recycling and litter prevention trade associations. | The Community Grant program provides financial assistance to Ohio’s local governments that propose to design and establish projects involved in the collection and processing of recyclable materials and litter prevention programs and projects. Ohio EPA is seeking proposals involving one or more of targeted materials collected or processed in Ohio. Applications proposing the implementation of litter collection programs, which involves illegal dumpsite cleanup, roadside collection and Adopt-A-Roadway Programs operated throughout the entire grant period. Keep America Beautiful Certification Fee would be an eligible project. Approximately $1 million awarded annually. | February 1 | 2008 — Present

| **Water Pollution Control Loan Fund (WPCLF)**      | Public entities (includes villages, cities, counties, and sewer districts) are eligible for wastewater projects; Public or private entities may potentially be eligible for nonpoint source projects. All applicants must demonstrate a dedicated source of repayment for the loan. | Below-market interest rate loans are awarded to eligible applicants for planning, design, and construction of wastewater treatment facilities and sewer systems. The standard below-market interest rate is established monthly, and is 1.25% below the general obligation bond index rate. The program also offers a small community interest rate, as well as hardship interest rates of 0% and 1%. There are currently no minimum or maximum loan amounts. Approximately $500 million is loaned out each year. | Nominations are accepted on an annual basis, with a deadline of August 31, for the upcoming program year, which begins January 1. Actual loan applications are due approximately three months before the projected loan award date. | 2002 - present | Becky McKinney  
Program Administrator

Columbus, Ohio 43216-1049  
(614) 644-3636  
rebecca.mckinney@epa.ohio.gov |
| **Water Resource Restoration Sponsor Program (WRRSP)** | Public or private entities. | The Water Resource Restoration Sponsor Program (WRRSP) was created to counter the loss of ecological function and biological diversity that jeopardizes the health of Ohio’s water resources. This program funds both preservation and restoration of aquatic habitat to accomplish this goal. The WRRSP relies on having a sponsoring wastewater loan from the Water Pollution Control Loan Fund (WPCLF). The WRRSP sponsor can be a different entity than the WRRSP implementer. Funds for WRRSP projects will be made available by advancing a portion of the estimated amount of interest to be repaid by the sponsor over the life of the WPCLF loan. | Nominations are accepted on an annual basis, with a deadline of July 31, for the upcoming program year, which begins January 1. Projects which are identified as fundable will meet program requirements in the first year, and then receive their assistance award in the second year. | 2002 - present | Steve Malone
