Director's Final Findings and Orders

Respondent

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Arnold Estates ("Respondent"), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio Revised Code ("ORC") §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC § 6111 and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is the developer of the approximately fifty-four (54) acre Pierce Estates Subdivision residential development, located near the intersection of Cole Road and State Route 749, Pierce Township, Clermont County, Ohio ("the Site").

2. Storm water from the Site discharges to Ten Mile Creek and an unnamed tributary thereof that runs across the Site. The unnamed tributary and Ten Mile Creek constitute "waters of the state," as defined by ORC § 6111.01 (H). Sediment contained in storm water constitutes "other wastes," as defined in ORC § 6111.01(D). Placement of this waste into waters of the state constitutes "pollution," as defined in ORC § 6111.01(A).

I certify this to be a true and accurate copy of the official documents as filed in the records of the Ohio Environmental Protection Agency.

3. Because the Site is a construction site which disturbs more than one (1) acre of 
land, Respondent was required to submit a Notice of Intent ("NOI") to obtain 
coverage under the Ohio EPA National Pollutant Discharge Elimination System 
("NPDES") General Permit for Storm Water Discharges Associated with 
Construction Activity ("NPDES Storm Water General Permit") and to develop and 
implement a Storm Water Pollution Prevention Plan ("SWP3") specific to the Site.

4. On January 29, 2007, Ohio EPA conducted an inspection at the Site and 
determined that an estimated two (2) acres had been disturbed. The inspection 
confirmed that construction activities at the Site had commenced prior to the 
submission of an NOI and prior to completing and implementing a SWP3, in 
v violation of ORC § 6111.07. Notice of violation ("NOV") letters were sent to 

5. On March 14, 2007, Respondent submitted to Ohio EPA a Notice of Intent ("NOI") 
for the Site. On April 17, 2007, the Director granted Respondent coverage under 
NPDES General Permit for Storm Water Discharges Associated with Construction 
Activity ("Construction Storm Water General Permit") No. 1GC02325*AG.

6. Part II.A of the NPDES Storm Water General Permit requires that an operator 
submit a complete and accurate NOI application form and appropriate fee at least 
21 days prior to the commencement of construction activity. Pursuant to Part II.B, 
an operator who fails to notify the Director of their intent to be covered and who 
discharges pollutants to surface waters of the state without an NPDES permit is in 
v violation of ORC § 6111.

7. Part III.B of the NPDES Storm Water General Permit requires that a SWP3 be 
completed prior to the timely submittal of an NOI and updated in accordance with 
Part III.D. The SWP3 must be implemented upon initiation of construction activities.

8. Pursuant to ORC § 6111.04(A)(1), no person shall cause pollution or place or cause 
to be placed any sewage, sludge, sludge materials, industrial waste, or other wastes 
in a location where they cause pollution of any waters of the state.

9. Pursuant to ORC § 6111.07(A), no person shall violate or fail to perform any duty 
imposed by ORC §§ 6111.01 to 6111.08 or violate any order, rule, or term or 
condition of a permit issued or adopted by the Director of Ohio EPA pursuant to 
those sections. Each day of violation is a separate offense.

10. The Director has given consideration to, and based his determination on, evidence 
relating to the technical feasibility and economic reasonableness of complying with 
these Orders and to evidence relating to conditions calculated to result from

compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC § 6111.

V. ORDERS

1. An SWP3 was submitted by Respondent on July 13, 2007. If the SWP3 is deemed deficient by Ohio EPA, Respondent will immediately revise the SWP3 to incorporate Ohio EPA's recommendations. Respondent shall then immediately implement the SWP3. Respondent shall submit a copy of the revised SWP3, in accordance with Section X of these Orders, to Ohio EPA Southwest District Office.

2. From the effective date of these Orders and until all disturbed areas on the Site meet the criteria for final stabilization, as outlined in the NPDES Storm Water General Permit, Respondent shall comply with the current SWP3 and/or any future amendments to the SWP3, in accordance with Part III.D of the NPDES Storm Water General Permit.

3. Within fourteen (14) days of the effective date of these Orders, Respondent shall submit plans for stabilizing the disturbed soils found in the southern part of the property near State Route 749 to Ohio EPA Southwest District Office, in accordance with Section X of these Orders.

Within fourteen (14) days after the effective date of these Orders, payment to Ohio EPA shall be made by an official check made payable to "Treasurer, State of Ohio" for six thousand dollars ($6,000.00). The official check shall be submitted to Brenda Case, or her successor, together with a letter identifying the Respondent and the Site, to:

Ohio EPA
Office of Fiscal Administration
P.O. Box 1049
Columbus, Ohio 43216-1049

A photo copy of the check shall be sent to Ohio EPA's Southwest District Office in accordance with Section X of these Orders.
VI. TERMINATION

Respondent’s obligations under these Orders shall terminate when Respondent certifies in writing and demonstrates to the satisfaction of Ohio EPA that Respondent has performed all obligations under these Orders and Ohio EPA’s Division of Surface Water acknowledges, in writing, the termination of these Orders. If Ohio EPA does not agree that all obligations have been performed, then Ohio EPA will notify Respondent of the obligations that have not been performed, in which case Respondent shall have an opportunity to address any such deficiencies and seek termination as described above.

The certification shall contain the following attestation: "I certify that the information contained in or accompanying this certification is true, accurate and complete."

This certification shall be submitted by Respondent to Ohio EPA and shall be signed by a responsible official of Respondent.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to the Site.

VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS

These Orders may be modified by agreement of the parties hereto. Modifications shall be in writing and shall be effective on the date entered in the journal of the Director of Ohio EPA.

X. NOTICE

All documents required to be submitted by Respondent pursuant to Section V shall be addressed to:
XI. RESERVATION OF RIGHTS

Ohio EPA and Respondent each reserve all rights, privileges and causes of action, except as specifically waived in Section XII of these Orders.

XII. WAIVER

In order to resolve disputed claims, without admission of fact, violation or liability, and in lieu of further enforcement action by Ohio EPA for only the violations specifically cited in these Orders, Respondent consents to the issuance of these Orders and agrees to comply with these Orders. Compliance with these Orders shall be a full accord and satisfaction for Respondent's liability for the violations specifically cited herein.

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.

XIII. EFFECTIVE DATE

The effective date of these Orders is the date these Orders are entered into the Ohio EPA Director's journal.
