OHIO ENVIRONMENTAL PROTECTION AGENCY

In the Matter of:

Paul R. Chaney
d.b.a Cherry Point Mobile Home Park
3680 South Charleston Pike
Springfield, OH 45502

Respondent

PREAMBLE

It is agreed by the Parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders ("Orders") are issued to Paul R. Chaney,
d.b.a Cherry Point Mobile Home Park, ("Respondent"), pursuant to the authority vested in
the Director of the Ohio Environmental Protection Agency ("Ohio EPA") under Ohio
Revised Code ("R.C.") §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and heirs and
successors in interest liable under Ohio law. No change in the ownership or the operation
of the Site (as hereinafter defined) shall in any way alter Respondent's obligations under
these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same
meaning as defined in R.C. Chapter 6111. and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has made the following findings:

1. Respondent is the owner of the Cherry Point Mobile Home Park, ("Site"), located at
580 South Bird Road, Springfield Township, Clark County, Ohio. The Site contains
approximately 23 mobile homes and is served by two sewage disposal systems, all
of which are leaching wells.

2. The leaching wells discharge "sewage" and/or "other wastes", as those terms are
defined in R. C. § 6111.01, to an unnamed tributary of the North Fork of the Little
Miami River, which constitutes "waters of the state" as defined in R.C. § 6111.01.
3. Respondent holds a valid, unexpired Ohio National Pollutant Discharge Elimination System ("NPDES") Permit 1PV00111*AD (effective September 1, 2002) for the discharges described above. The NPDES Permit will expire on February 28, 2007, with no renewal requested.

4. An NPDES permit may be renewed upon application for renewal and upon a finding by the Director that the permit holder is making satisfactory progress toward the achievement of all applicable standards and has complied with the terms and conditions of the existing permit.

5. As found below, Respondent is not making satisfactory progress toward the achievement of all applicable standard, nor has Respondent complied with the terms and conditions of the existing permit.

6. NPDES Permit 1PV00111*AD contains a schedule of compliance that allowed for a 3 year period for sewer and plant improvements, with compliance for the attainment of final effluent limitations to be accomplished on April 1, 2005.

7. Respondent has not complied with the schedule of compliance set forth in Finding No. 6, above, and has consistently violated the final effluent limits of Ohio NPDES Permit 1PV00111*AD for both the concentration and load of ammonia, TSS and CBOD. Respondent also violated permit monitoring and frequency requirements.

8. Ohio EPA conducted an inspection of the Site on September 27 and 28, 2005, and noted the presence of sewage fungus and black and brown solids, and midge larvae in the receiving stream. Sewage odors and visual signs of degradation of the stream were also evident.

9. R.C. § 6111.04(A) provides that no person shall cause pollution or place or caused to be placed any sewage, sludge, sludge materials, industrial waste, or other wastes in a location where they cause pollution of any waters of the state.

10. R.C. § 6111.04(C) provides that no person to whom a permit has been issued shall place or discharge, or cause to be placed or discharged, in any waters of the state any sewage, sludge, sludge materials, industrial waste, or other wastes in excess of the permissive discharges specified under an existing permit.

11. R.C. § 6111.07(A) provides that no person shall violate or fail to perform any duty imposed by R. C. §§ 6111. 01 to 6111. 08 or violate any order, rule, or term or condition of a permit issued or adopted by the Director of Ohio EPA pursuant to those sections. Each day of violation is a separate offense.

12. In an August 31, 2006 telephone conversation with Ohio EPA and subsequent conversations, Respondent stated that he will close the park.

Chapter 6111.
