BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY

In the Matter of:

Swan Creek Township Trustees
5565 County Road D
Delta, Ohio 43515

Respondent

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to the Swan Creek Township Trustees (Respondent), pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 6111.03 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 6111, and the rules promulgated thereunder.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is the developer of Swan Creek Township Hall, a building to be used as a meeting hall and as offices (Facility). Included in the development of the Facility is the installation of a wastewater treatment system to serve
the Facility. The Facility is located on the southwest corner of Township Road 5-1 and County Road D in Section 32 of Swan Creek Township, Fulton County, Ohio.

2. Ohio Administrative Code (OAC) Rule 3745-42-02, formerly OAC Rule 3745-31-02, requires the Director's issuance of a permit to install (PTI) prior to the installation of a new "disposal system," as such term is defined in ORC § 6111.01(G).

3. Pursuant to ORC § 6111.44, the Director's approval of plans for sewerage or treatment works for sewerage disposal is required prior to the installation of such sewerage or treatment works for sewerage disposal.

4. ORC § 6111.07(A) prohibits any person from violating, or failing to perform, any duty imposed by ORC §§ 6111.01 to 6111.08, or violating any rule adopted by the Director pursuant to those sections, including OAC Rule 3745-42-02.

5. On February 7, 2002, Ohio EPA conducted an inspection at the Facility. The inspection confirmed that the installation of the sewerage or treatment works for sewerage disposal at the Facility had been completed prior to the approval of the plans and issuance of a PTI by Ohio EPA. Based on Ohio EPA's inquiry into this matter, it appears that Respondent began installation of and completed construction of the wastewater treatment system for the Facility in the fall of 2001. The wastewater treatment system at the Facility is a "disposal system," as such term is defined in ORC § 6111.01(G).

6. On February 26, 2002, Ohio EPA notified Respondent via certified mail that the sewerage or treatment works for sewerage disposal installation at the Facility was in violation of ORC Chapter 6111. and OAC Rule 3745-31-02.

7. On January 2, 2003, Ohio EPA received a telephone complaint regarding the installation of a sewerage or treatment works for sewerage disposal at the Facility prior to the approval of the plans and issuance of a PTI by Ohio EPA.

9. On June 30, 2003, Ohio EPA participated in a telephone conference with Respondent's consultant, Technician Design. During the telephone conference, Technician Design's representative stated that the PTI for the sewerage or treatment works for sewerage disposal at the Facility would be
submitted to Ohio EPA by the first week of July 2003.

10. Effective October 17, 2003, OAC Rule 3745-31-02 was superseded by OAC Rule 3745-42-02.

11. To date, a PTI application and detailed plans for the installation of a new sewerage or treatment works for sewerage disposal at the Facility have not been received by Ohio EPA.

12. The Director has given consideration to, and based his determination on, evidence relating to the technical feasibility and economic reasonableness of complying with these Orders and to evidence relating to conditions calculated to result from compliance with these Orders, and its relation to the benefits to the people of the State to be derived from such compliance in accomplishing the purposes of ORC Chapter 6111.

V. ORDERS

Respondent hereby waives the right to appeal the issuance, terms and conditions, and service of these Orders, and Respondent hereby waives any and all rights Respondent may have to seek administrative or judicial review of these Orders either in law or equity.

Notwithstanding the preceding, Ohio EPA and Respondent agree that if these Orders are appealed by any other party to the Environmental Review Appeals Commission, or any court, Respondent retains the right to intervene and participate in such appeal. In such an event, Respondent shall continue to comply with these Orders notwithstanding such appeal and intervention unless these Orders are stayed, vacated or modified.
